Mollyockett Day July 21, 1984

THEME ANNOUNCED

The Bethel Lions Club Mollyockett Day Committee has announced this year's theme and parade ideas: "Bethel in the 1900's." The ideas for floats using this theme are numerous, 85 years of Bethel's history, its growth, its industry, its schools. An outstanding source for ideas of floats would be the Bethel Historical Society. Persons, groups and businesses interested in participating and entering a float should contact Earl Merrill, P. O. Box 65, Bryant Pond, Maine 04219, tel. 665-2334, or any Lions Club members.

THREE FOOT RACES TO BE MOLLYCKETT DAY FEATURE

The Bethel Outing Club has announced that it is organizing foot races to be run in conjunction with the Bethel Lions Club's annual Mollyockett Day, July 21. Also announced are this year's co-sponsors—The Bethel Mall, Bonema Pottery, Prim's Rexall Pharmacy, Groan & McGurn.

The foot races, named the "Mollyockett Day Classic", following last year's initial successful format, will include a 1 mile run for youngsters 14 years and under; 5 Km and 10 Km open races. The mile course is a single gentle loop on village streets. The 5 Km circuit is a figure 8 with challenging rolling terrain mostly within the village. The 10 Km run will be twice around the 5 Km circuit. The courses all start and finish at the Bethel Common; are wheel measured; provide a challenging test for the runners; and because the 5 Km and 10 Km are run nearly concurrently, crossing at the Common in a figure eight pattern, spectators are afforded an unusually excellent busy viewing.

Awards and prizes include T-shirts (by Groan & McGurn) to the first 75 pre-registrants, ribbons to every finisher and commemorative pottery tiles (by continued on Page Four

Princess Mollyockett will preside over Mollyockett Day festivities such as: the parade, the awarding of prizes, etc. Princess Mollyockett will also be presented with a \$75 U. S. Savings Bond by the Bethel Lions Club.

The Browns of the "Citizen" Receive Chamber Award

The Brown family associated with the "Bethel Citizen" since 1911 was honored with the Henry H. Hastings Community Service Award by the Greater Bethel Chamber of Commerce at an awards dinner held in their honor at the Bethel Inn, Sunday evening, June 17. The following is the presentation speech made by Dr. Stanley R. Howe of the Bethel Historical Society:

"For years the Citizen has meant a great deal to Bethel people or people with Bethel connections. I know that during all the summers I spent at Keewaydin Camp in Lake Timagami, Ont., the Citizen came and seemed like a letter from home. At college and graduate school I had to have the Citizen sent. The years I was in Ottawa found the Citizen coming erratically (the Canadian mail system getting worse) but nonetheless it was always a welcome addition. Since I became the Director of the Bethel Historical Society I have been submitting weekly news releases for publication and wish to take this opportunity to thank all of the Brown family who have gone the extra mile in cooperating with all this publicity. It has meant a great deal to the historical society and to me personally to be treated so well.

FROM THE bethel town office

The Board of Selectmen, meeting in regular session Monday evening, June 18, opened proceedings with a public hearing on an auto graveyard permit application from Mary Jane Gaudreau d/b/a Gaudreau's Repairs on Route 26 in Bethel. With members of the public in attendance, attorney Gordon Gillies recommended that all auto graveyard applications show proof of public liability insurance in excess of \$300,000 to the Board of Selectmen before the permit is granted in order to protect all parties concerned. After discussing possible cost impacts of this insurance with Harold and Jeff Gaudreau, the Board unanimously voted approval of an auto graveyard permit to Mary Jane Gaudreau contingent upon proof of the necessary public liability insurance.

The Selectmen then reviewed the status of the auto graveyard permit at The Pits on Grover Hill continued on Page Eight

The topics for each week will be posted on Monday afternoon at key points around Bethel. The Seminars are interesting, involving and fun. Please come!

— Mrs. Collista Morgan, Corres. —

Have you ever spent time on a Maine pond at some time during the summer months? If so you know that they abound with water and pond lilies. When I was growing up the latter were known as cow lilies. These common yellow ones are pretty and would be greatly loved if the water lilies, white and pure, their rivals, were not so much more beautiful. Like so many things, the more fabulous the more attention received.

On a warm day I have many times put my camera and fishing tackle into my boat to spend a few hours among the pond things. There are so many and all interesting. On one trip, as I moved, hardly more than 50 yards, my attention was drawn to a dark patch on the surface. It was the concentration of hundreds of water skaters. One could almost mistake them for a floating board. There is fun watching them waltzing about.

Flying historically beyond were two blue herons clear against the sky.

The various water plants are more abundant during the sultry heat of the month of July. Then the lilies are visited by the dragonflies darting over them as they float on the dark waters.

The delicate, light flowers of the cotton grass nod at the end of their long, slender stems. They add a note of grace to the surroundings.

Of course the pickeral weed attracts the big, busy, bumble bees, breaking the quiet by their humming, as they work over the blooms.

Beneath and among them is the salt and pepper grass, little white tufted swaying on their slender stems.

By the mouth of the river I always look for the button bushes, so sweet when in bloom.

So try a bog or a pond especially in July and you'll enjoy a happy day.

Recipe for a Happy Day

A heart full of thankfulness,
A humble of care,
A soul of simple hopefulness,
An early morning prayer,
A smile to greet the morning with
A kind word as a key,
To open the door, and greet the day.
Whatever it brings to thee,
A patient trust in providence,
To sweeten all the way,
All these, combined with thoughtfulness,
Will make a "happy day."

— Evelyn B. Vatcher, Corres. —

Road work is progressing. One half of the road in front of Vatcher's house has been built up so part of way the cars cannot be seen. When a man walked on the built up part it looked like he was ready to come into our kitchen. A truck loaded with gravel overturned on Tuesday. No one was hurt and the truck was soon going.

Joe Vatcher, Clyde Knights, and Sayward Lamb went deep sea fishing on Wednesday. Sayward was sick all day, so next time he'll take the pills. A lady caught two fish then she was sick.

Doris Lawrence had a birthday dinner for her brother, Arnold Coffin on Thursday, June 14. Guests: Mrs. Alice Goff, Arlene Abbott, and Jo-Anne, Arlene Ellis, Mr. and Mrs. Joe Vatcher, Jean Millert, Root Lawrence. Birthday cake with ice cream and strawberries for dessert. Who needs dessert after baked beans, hot dogs, hot rolls, casseroles?

Sympathy is extended to the family of Robert Chadbourn Jr. in their bereavement. Robert, 15, local, was a member of the search party. He is a member of the National Guard.

Mrs. Laura Kalinowski has returned to the hospital again for treatment.

Joe and Evelyn Vatcher saw a yearling moose near David Brooks' Thursday evening.

David Anderson and two friends, Burlington, Mass., spent the week end at the Anderson trailer and went to the ponds fishing. They visited David's Uncle Joe and Aunt Evelyn Vatcher and called on Rhoda Vatcher. Sunday morning early David went brook fishing, and he met up with a moose near Brooks' and he came to Vatcher's all excited. Joe said he couldn't do anything about the moose. He went over with David but no moose anywhere.

Callers at Lawrences: Mr. and Mrs. Albert Downing, Lena Kangas, Gail Boutilliere, Steve Millett, Richard Felt, Merrill Ridley, Mr. and Mrs. Paul Bean and Andy Jr., Mr. and Mrs. Joe Vatcher, Brenda Millett, Roger LaCroix, Burlington, Vt., Roland Lord. Brenda came to show Aunt Doris and Aunt Evelyn her diamond ring and for them all to meet her future husband, Roger LaCroix. Congratulations to Brenda and Roger.

Mr. and Mrs. Root Lawrence joined Mr. and Mrs. Albert Penley, Sr., Mr. and Mrs. Henman Card, Helen Emery, Stanley Braden, Mr. and Mrs. Carroll Record for a supper and birthday party at the Records' home Monday in honor of Thelma Card's and Marietta Penley's birthday.

The school children finished the school year Saturday noon June 16. They are happy for awhile. Soon they will be asking Mom "What can I do now?" The work question doesn't interest some of the children.

We had heavy frost here in the Valley last Friday night. After the weather report we moved right along and covered the tomatoes, peppers, etc.

Sent in by Viva Whitman:

What a wonderful day for a cook-out or picnic and we took advantage of it today while the weather was so good. Lawrence and Grace had invited us to have a good time with them at a friend's camp on McWain Pond in Waterford, so went and sat in the sunshine while others went for a boat ride or water skiing or whatever they chose to do. Guess all who went had a wonderful time; I know I did.

Last Monday, Russell finished planting the garden in the forenoon and in the afternoon, he took me to Harrison to see a doctor as I had infection in one of my ears. Weatherman had said it was going to shower, so Russell put poison on the lawn to try to get rid of some of the ants that have made their homes there. He was to water the lawn after sowing the poison, but it didn't shower as we had expected. However, he waited until it did rain for the lawn to get wet down.

Tuesday was a very busy day for us both. Russell helped me to do some of the cooking for the Senior Citizen dinner we were putting on at the Grange Hall on Wednesday, and believe me, there was plenty to do where that was concerned. Made casseroles, baked beans, made potato salad and plenty of gelatin salads as well as slicing 12 loaves of bread. Also had my hair cut to make me cooler. Tried to get to bed early as we knew we had a busy day ahead of us on Wednesday. We left home bright and early to get things ready for dinner at the hall. Tables needed moving around and setting up so we would have plenty of room for those who might come. There were about 58. They came and told us what a nice dinner they had and there was plenty to take home for other Grange meals too. We don't want anyone going away hungry and they never do.

Always something to do and that was the case on Thursday, even if we were tired from all we had done on Wednesday. Went to town and did the wash; Russell got the groceries while I stayed to take care of the washing and after

I want to mention again that our next Grange meeting will be on June 23 and it will be election of officers, so hope all will come who can. Also on June 30 there will be special or six point meeting at our Grange Hall. Hope all the Granges turn out for the meeting. July 17 will be our flea market and anyone interested should contact Russell Yates as soon as possible for a space or table. If the 7th is rainy, the flea market will be held on the 8th. July 14 will be Booster night at Bear River Grange and Outward Bound will be putting on a slide show with skits and other goodies to make it a good program. Also hope to have some music mixed in to make things interesting, so come and see what a good time we have and plan to join the Grange and be part of our fun at all times.

I have enjoyed riding through the country side, seeing all the pretty flowers in bloom and it is fun to see all the yard sales going on too. Never know what treasure you might find at another person's home. Their trash might be just the treasure you have been looking for. Gardens seem to be growing and we'll all pray for a good summer and a good harvest when the time comes. Enjoy the good weather and all the pleasures of Summer while you can. I'll try to do the same.

Ants are an awful nuisance in homes again this year. I've read that spraying with ammonia along the places they are getting in will drive them out. I think the only thing it drives out is me.

Rotary Club News

— Carolyn M. Colby, Corres. —

The Bethel Rotary Club met at the Sudbury Inn for a luncheon meeting on Tuesday, June 19. The program for this meeting was sponsored by Lemmie Shaw.

Planning details for the 10th Anniversary of the Bethel Rotary Club are right on schedule. Romeo Baker will be hosting the social at his home at Sunday River. Jo Stevens is busy handling out assignment slips: John Head is on the supplies end of it; Rolie Glines is on the equipment details; Bill Conary is in complete control of reservations and Jim Monahan will take up the slack in the food service department. Other fellow Rotarians and wives will cater to the serving and set-ups, and the many other chores involved. Now if someone will provide the good weather everyone should have a great time.

Guests and visiting Rotarians joining with the Club on Tuesday were: Bill Lowther, Boonton, N. J.; Chas. Feld, Maroo Island, Fla.; George Bennett, guest of Les Otten; and Chris Haskell, Oxford Hills Club.

Brice Yates is program chairman for next week. His guest speaker or program is not known at this time.

Notes from the Woodstock Historical Soc.

We ran across this little poem by a famous author the other day:

The Happiest Spot
But where to find that happiest spot below
Who can direct, when all pretend to know?

The shuddering tenant of the frigid zone
Bodily proclaims that happiest spot his own;

His first, best country, ever is at home.
And yet, perhaps, if countries we compare,
And estimate the blessings which they share,
Though patriots flatter, still shall wisdom find
An equal portion dealt to all mankind.

—Oliver Goldsmith

Often in our preoccupation with local history, we tend to overemphasize the virtues of our own town or area. Naturally should be proud of them, for we are attempting to preserve their history and culture. Nevertheless, we must be mindful that nearly every corner of the globe has its towns.

Everyone thinks this town is best. We must be willing to recognize the virtues of each spot, belittling none and not overestimating our town's virtues. We can learn much from other communities and they from us. We must just be thankful that we have the opportunity to preserve the culture of our own area.

Society news includes plans for a food sale in July at Littlefield Beach. The Museum also recently gave a large number of books stored in our building to the Library to sell. And there are still a large number of items from the building.

ing on sale at the museum and such products as stationery, postcards, and T-shirts. The Society Finance Committee is also investigating the possibility of obtaining some ceramic or pottery products with "Bryant Pond" on them for sale. The Building Committee has been very active cleaning out the Museum of accumulated clutter. Much thanks is due to Robert, Paul, and Mary Billings and the Hoyt families in particular.

Curator Larry Billings has also written a large number of poems. He has put his favorites in a folder in the Museum along with a genealogy of his family he wishes to preserve for posterity. Recently he wrote poems on political figures and sent two to Senator Cohen and former Senator Margaret Chase Smith. Both seemed to enjoy their poems and sent very gracious letters of acknowledgment. Everyone should think of the Museum as a repository for future generations. Perhaps you have something you or your family would like to be remembered by. Why not donate it to the Museum to be preserved? It is the logical place for such memorabilia.

WHAT'S GOING ON IN NICARAGUA?

On Sunday, June 24, two Maine residents who visited Nicaragua this spring will be in Bethel to tell about what they saw and heard.
 At the West Parish Congregational Church this Sunday, Jerry and Judy Genesio from Sweden, Maine, will share in a worship at 10:30 a.m. and return at 7 p.m. to show slides and talk further about their visit to this Central American nation.

In 1979, a movement of Nicaraguan peasants, businessmen and church people overthrew the government of Anastasio Somoza. Under the leadership of the Sandinista party, both improvements and mistakes have been made since then. And soldiers still loyal to Somoza have, with U.S. aid, been trying to undermine the revolution.

The Genesios were two of some 18 Maine residents who went to Nicaragua at the end of April to learn what is really happening as part of an ongoing "Witness for Peace." Through this program begun last July, groups of North Americans of many religious traditions have been traveling to Nicaragua. They have talked with people of different political, religious and economic persuasions. They have been the guests of peasants in villages close to the Honduran border and shared their grief over family members lost in the fighting there. They have themselves heard gunfire, seen shelters dug in schoolyards, and joined hands with villagers at the border to pray for an end to this brutal conflict.

The Genesios neither condemn

was founded by J. Alden Smith who printed it on the site of the Edelweiss parking lot in a building then known as the Freeman Block. When this building disappeared is not known but we have a stereo view at the Society showing it in 1874, the centennial of the town's settlement.

Dr. Nathaniel True, that incredible Bethel figure, a man of many abilities, one of those most responsible in founding Gould Academy and its best known principal in the 19th century, was the first and only editor of this little paper. Because Dr. True was interested in so many things the paper is full of information and we know a great deal about Bethel in this era. One of the most important things Dr. True did was to record much information about Bethel's history in a column written weekly. He had the advantage and foresight to talk with so many of Bethel's early citizens and record this in his columns. Much of this information was later included in Dr. William B. Lapham's 'History of Bethel.'

This series continued nearly every week until July 1861 when Dr. True, long criticized by the Gould trustees for his alleged lack of discipline, was terminated. With his departure, the newspaper died. Bethel was the loser in both ways, the loss of an outstanding educator and a local newspaper.

'This void was not filled until the 1890s when Bethel began to enter the modern era. In 1895 Aked

Ellingwood came here from Milan, N. H., and established the 'Bethel News' with printing facilities at the rear of the Cole Block. A year or so later E. C. Bowler of Palermo also the Superintendent of Schools acquired a half interest in the paper. In 1897 Mr. Bowler took over full control of the paper.

'In 1906 Bowler opened an office in Rumford and started the 'Rumford Citizen.' It was operated separately from the 'News.' Two years later the two papers were combined to form the 'Oxford County Citizen.'

'Fred Merrill acquired the paper in 1913 when Bowler moved on to later become the manager of the Portland 'Eastern Argus.' Mr. Merrill was long associated with Ellery C. Park and Judge A. E. Herrick in the practice of law and the management of the Bethel Savings Bank and the Bethel National Bank.

'Mr. Merrill sold the firm to David Forbes of Gorham, N. H., in 1920 and returned to a position as assistant cashier in the Bethel National Bank and was the local manager of the Casco Bank after 1945.

'In 1927 Carl L. Brown acquired the newspaper. He had been employed in the firm since 1911. From that time until his death in 1963 he was the editor of the 'Citizen.' In his work he was ably assisted by his wife, Ruth, for many years. During this period Carl Brown helped Eva Bean in publishing her classic local history, 'East Bethel Road,' printed in the Citizen shop in 1959, 25 years ago this year. Carl Brown's extensive knowledge of Bethel and her people was extremely useful to Miss Bean as she assembled her history and her debt to him is recorded in the book's acknowledgments.

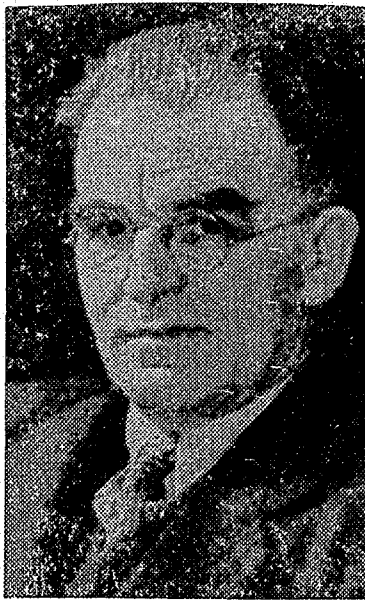

'The Citizen was incorporated as Citizen Printers in 1961. Today Carl's son John is the President of the corporation and successor to his father as editor. His brother Edwin is Vice President; brother Don is the Treasurer and Edwin's wife Musa, the all important Clerk of the Corporation.

'Over the years there have been several special editions of the 'News' and the 'Citizen': 1896, the 'Bethel News,' commemorating Bethel's centennial of incorporation; 1904, no reason for this issue can be determined, but it is extremely useful for those interested in Bethel's past; 1931, sesquicentennial of the Indian Raid; 1974, dedication of the Dr. Moses Mason House and the bicentennial of the first settlement of Bethel.

'Since 1895 only two issues have been missed; there were in 1923 when fire damaged the plant. Other issues have been late due to the 1936 flood and mechanical failures. But in 89 years only two issues have failed to appear. This is an excellent record and testimony to the superb level of service enjoyed by Bethel people that has been carried out by two generations of the Brown family.

'The Citizen has become a publication of record for Bethel. It informs us of important events and reports much useful news. It also reflects some of the 'color' of the area. How well I remember Maude Brown's columns in the 1960s or those of 'Go Shoes' in the 1970s. These people and others gave the Citizen that special quality that makes it unique. There is nothing quite like it in the world.

'The Citizen must also have been welcome to our servicemen, particularly to those who fought in

FROM THE BETHEL AREA HEALTH CENTER

Bottle feeding is one method of providing nourishment to a baby, but too often the nursing bottle containing sweetened liquids is misused as a pacifier for comforting the baby or controlling behavior. This habit can lead to nursing bottle mouth, a condition in which a toddler's teeth are destroyed by tooth decay. Decay occurs when sweetened liquids are given to the baby throughout the day and night, especially when the baby is falling asleep.

As soon as an infant's teeth appear, they can become decayed. Each time sugar is eaten, whether in solid or liquid form, acid is formed by the sugar mixing with the natural bacteria in the mouth. This acid attacks tooth enamel. If the teeth are not immediately cleaned, daytime pacifying is harmful because the teeth have direct contact with sugar. There is also concern when the baby is allowed to fall asleep with the bottle in their mouth. During the day, saliva helps to wash some of the liquid out. At bedtime, however, saliva flow slows down which allows the sugary liquid to pool around the teeth, allowing the teeth to be constantly attacked by acids.

To prevent nursing bottle mouth, avoid liquids such as sugar water, sweetened gelatin, soft drinks. Although milk normally does not promote decay, it, too, can become harmful when it is allowed to remain in the mouth for long periods. A pacifier dipped in honey can also be just as damaging as sugar in the nursing bottle. If a bottle is needed between regular feedings, fill it with cool water or use a clean pacifier recommended by your dentist or doctor. Parents are also urged to wipe teeth and gums after each feeding with a damp washcloth or gauze pad. Continue this practice until all the primary teeth are in (at about age 2 1/2). Then begin brushing and flossing the child's teeth. Fluoride should also be provided daily if it is not in the local water supply. Fluoride strengthens tooth enamel and helps prevent decay.

It is important that primary teeth (or baby teeth) be kept for their normal life span. If they are lost too early, the incoming permanent teeth may be crowded or crooked. The decay and possible loss of primary teeth can also

cause speech difficulties, poor self-image, and loss of appetite (cold, hot or hard foods may be difficult or even painful to eat). Protect your child's teeth and help save them from decay by: never allowing your baby to fall asleep with a bottle containing sweetened liquids—use water or a clean pacifier; cleaning the infant's teeth and gums after every feeding; and visiting the dentist for regular dental checkups.

North Waterford

— Mrs. Jo Sanderson, Cor. —

Dear Friends and Readers:

I am sorry I have been so lax in my correspondence as of late.

So many have asked me if I had broken my writing arm as they had missed my items. No, for the most important part the neighbors neglect to tell me what is going on around here, trying not to be noisy, I don't find things out. So therefore, I don't have much news except about the Stantons. They went to the American Legion State Convention along with a lot of other Posts & Units from all over the State. Dept. President Jeri Brooks of Bethel and the 2nd District, Jeri, we all are so proud of you. It was a very well run convention. Everything ran smoothly. The Convention started Thursday, June 14 through June 17 at the Augusta Civic Center.

Rose Taylor of the Mundi-Allen Unit #81, Bethel, was one of the ladies honored as Legion Lady of the Year.

Theresa Jones, the Americanism Girl of the Year, is also a past Girl Stater, year 1983. Theresa was the only girl elected from all the New England States to be chosen to attend American Youth Conference, Valley Forge, Pa. She was sponsored by Stone-Smart Unit #82, Norway.

Other V.I.P.s were: Olympia Snowe, Cohen, Mitchell, and McKennon and others too numerous to mention.

The Banquet Friday was just grand. Installation, Saturday night along with the Grand Ball, was just fabulous. Jeri Brooks, "Baby you came a long ways" and we all love you.

Coolidge, Lisa Cox, Todd Davis, Dawn Daye, Julie Denison, Sherri Dooen, Doreen Dyke, Marietta Head, Beth Hill, Lori Howard, Brian Hughes, Mary Hutchinson, Michelle Johnson, Kathy Legendre, Megan McGuire, Lori McKinney, Lori Milton, Donald Mixer, Jana Moffett, Shaun Morrill, Karen Morton, Diana Moxcey, Alec Newell, Robrecht Ouwinga, Melissa Palmer, LeeAnn Patten, Patricia Patten, Holly Roberts, Angela Sawyer, Karen Simmons, Tammy Standeven, Stacey Summer, Sené Tuttle.

— Mrs. Arline Bernier, Corres. —

The Bergerons had guests from Farmington, Monday, Laurie and I went to Mexico Monday evening to instruct a paint and needlework party.

It came to my attention that in a store in the nearby area, a young child was stolen from a carriage or cart while the mother had her back turned for a very short time. She had the presence of mind to alert the check-out girl who immediately had the store locked and searched. The child was found in a ladies' room or dressing room, the abductor had left, but the person had already clipped the child's hair and had partially changed her clothing. This is the work of professionals, obviously, and it is past time we raised our voices against pornography magazine, boycotted the companies who advertise in these or in some way help to reduce or wipe out this evil.

There are two escaped murderers in the area as Burlington and other places they have been seen are not far away—why aren't their pictures shown much more widely so we may be more apt to recognize them if we see them in a public place or out hitchhiking perhaps?

Ellen Heywood has returned to Maine for the summer months. It was so good to find the church and Ladies' Aid lawns mowed so well Sunday. Much thanks to the civic minded person who gave their time and work. Many "favors" terminated following town meeting, but this one appears to be done by someone who saw a need and responded.

Elsie Fuller stopped by to visit Fred and Marion in their new home in Bryant Pond recently.

The planning board met Monday evening, approved a couple of building permits, some requests for landfill and then discussed other business. A full house of seven members were present.

The Richard Jordans are spending time at their trailer home. They traveled from here to Millinocket to visit their daughter, Gloria.

The Floyd Staples of Lisbon have been staying at their camp and visiting family and friends in the area.

Candy and Penny Lavalley have been visiting their father and other family members and friends in town for awhile.

Mike Bergeron went to Farmington Tuesday to attend a funeral.

A nephew of Mr. Dalphonse visited the area after 22 years absence. He said his father helped build Doc Barnes establishment. He also said he is a disc jockey on a Norway country radio station. Upton did not look the same to him as he remembered it so he stopped by the voting booth to get information.

Buster and Virginia Williamson went to Brewer to visit son Dwight and family and attend the graduation exercises of their oldest granddaughter Pam. Virginia had a chance to try one of the fun little paddle boats during the visit.

Lucille Largesse was among those chosen to be eligible to shoot a moose come hunting season.

The Aron, Largesse and Lavalley families attended Telstar graduation, as Ronda Aron and Christine Largesse were among the graduates. The Scotts attended as neighbors and friends and took several pictures. The Berniers attended as grandparents of Dale Korhonen who graduated.

Twenty-four citizens cast ballots out of 67 eligible voters in June primary elections. Mary Lavalley and Arline Bernier served as ballot clerks.

Acting as Trustees, the Selectmen approved the proposed FY 1984/85 sewer budget totaling \$79,640 and set Thursday, June 28, to hold a public hearing on a proposed sewer system rate increase. By deferring capital programs and stretching planned maintenance, sewer rates have been maintained at current rates since 1981. However, as the equipment has become older, operating and maintenance costs have increased along with cost of inflation. The proposed increase would change the rate from \$19.50 per 1,000 cubic feet of water consumption to \$20.50 per 1,000 cubic feet.

The Selectmen reviewed FY 1984/85 projects and priorities, adding to the list a work-up of lower Main Street sidewalk renewal for next year's budget, development of a source of gravel for the Town, and emphasis on completing scheduled rebuilding of the Meadowbrook Bridge while school

**MRS. JULIA B. FLEET**

Mrs. Julia B. Fleet of Newry, died Monday, June 18, 1984, at Ledgeview Memorial Home in West Paris.

She was born at Waterville, Feb. 8, 1897, the daughter of Spencer C. Brooks and Bertha Acker Brooks. She had taught school for 23 years and for several years taught Bible School in Sunday River. She had been a reporter for the Bethel Citizen and Nonway Adviser and for many years operated a weather station for the Ram-ford Falls Power Co. In 1934, she was married to Roland M. Fleet, who died in 1975. She was a member of Bear River Grange.

Surviving are a son, David, of Sunday River; and a brother, Miles Brooks, of Windham; five grandchildren and a great grandchild.

Funeral services were held Wednesday afternoon from the Greenleaf funeral home, with interment in Sunday River Cemetery, Newry.

MABEL B. ROBERTSON

Public committal services for Mabel B. Robertson, who died Dec. 22, 1983, will be held Saturday, June 23, at 1 p. m. at the South Bethel Cemetery.

is out. The Manager reported the results of a review of municipal spending patterns in recent years concluding that between Jan. 1, 1980, and Dec. 31, 1983 (four years) public spending in support of municipal services (e.g., fire, police, public works, etc.) increased a total of \$23,094 (4.6%) while inflation has increased 32.8% during the same period, creating an ever-widening spending gap. As the competition for fewer available dollars increases and assuming that increased efficiency has been obtained by cutting the fat out of existing programs, the point is at hand when the community must decide where to cut services and/or increase revenue sources. Further program discussion was postponed.

The Board set the summer meeting schedule as follows: Thursday, June 28, sewer rate hearing and decision; Tuesday, July 10, Selectmen's business meeting for July; Monday, Aug. 6, Selectmen's business meeting; Tuesday, Sept. 4, resume normal meeting schedule. All meetings are planned for the Town Office Meeting Room.

The S.A.D. 44 Board has scheduled a special meeting at Telstar, Wednesday, June 27, at 7:30 p. m.

This new program is the project of the Consultant and Gifted and Talented Education, Department of Educational and Cultural Services, with the support of the Maine State Commission for the Arts and Humanities and numerous arts and education agencies throughout the state.

The curriculum of the summer program is designed to focus instruction in a particular area, while also providing opportunities to integrate work in the other areas. The students will also explore career and training options in the arts, as well as the rich cultural activities available in southern Maine. It will be held from June 24 to July 7, 1984, with dormitory housing at the Baxter School for the deaf just outside of Portland. Classes will take place at the Baxter School and in studios in the Portland School of Art and the Portland Performing Arts Center.

Linda James, daughter of Mr. and Mrs. Richard James, Paradise Road, Bethel, auditioned in Portland and was chosen from 250 applicants to attend the summer school. Linda has been studying with Michelle Farrar Keyes, Children's Dance Theater of Bethel, for 10 years.

mer weather is a great time for hiking and camping. The Boy Scout motto is a good one to remember on any excursion away from our homes. Be Prepared. Plan extra time for trips, warm clothing, for the nights can still get cool, tell others of your plans, and comfortable footwear. If by any chance you get lost in the woods—stay put and make yourself visible by being in the open or marking your location with available material. A bonfire at night is helpful.
